

THE CAMPS AT CHESAPEAKE

Why CAMP rocks!

QUITE SIMPLY, we want this to be the best camp experience ever for your child. Our emphasis is on fun, physical activity, and the development of positive character traits. Our qualified and trained staff offer a wide variety of age-appropriate, side-splitting fun, and challenging activities where campers learn about themselves while developing skills to last a lifetime.

Camp Irvington

Campers 4 to 9 years (six sessions)

A not-so-traditional day camp, Camp Irvington is everything a summer camp should be... and then some! Totally new for 2011, Camp Irvington will be themed-based each week (Treasure Island, Mad Science, Farmer John Spouts...) with loads of excursions to fabulous places like the Norfolk Zoo or Virginia Living Museum. This is your child's chance to discover new interests, make new friends, and learn in a relaxed, super-friendly environment. Swimming, arts & crafts, creek exploration, cooking, group games.... what fun! Check out our website for weekly themes.

Please register before April 21 to qualify for ZERO registration fees.
Space is limited!

Field Trip Camp

Campers 9 to 14 years (two sessions)

Build your child's sense of road-trip adventure as we journey as a boisterous band of thrill-seekers to experience some of Virginia's finest outdoor adventures and amusement parks. Each session includes a four-night camping trip with an experienced, caring staff who guides your child in learning the basics necessary to really love overnight camping.

Sports Camp

Campers 9 to 14 years (two sessions)

Geared towards active kids who simply love sports of all kinds, this is more than your traditional "skills and drills" sports camp. Coordination, strength, and dexterity-building activities are taught through four main sports in each session such as basketball, volleyball, soccer, tennis, and golf. Campers enjoy themselves under the careful supervision of a well-trained, experienced staff, while building athletic skills, self-confidence, and healthy, strong bodies.

Water Sports Overnight Camp

Campers 9 to 14 years (two sessions)

Taking full advantage of our proximity to the beautiful Rappahannock River, Water Sports Overnight Camp satisfies those kids who just can't get enough salt-water saturation! Waterskiing, knee-boarding, wake-boarding, tubing, and fishing opportunities abound. Add to that the hilarity, wisdom, and camaraderie that comes with overnight camping under the guidance of our professional, outdoor-loving staff. Land-based recreational activities include capture-the-flag, ultimate frisbee, cooking, lacrosse, soccer, dodgeball, and more.

Sailing Camp

Campers 8 to 14 years old (two sessions)

Instill in your sea-farin' child a life-long love of sailing and an appreciation of the tide and wind with this confidence-building, super-fun sailing camp based at the Rappahannock River Yacht Club on Carter's Creek. Campers will thrive in this small, attentive camp limited to a maximum of six sailors.

For up-to-date details about themes and field trips for ALL OF OUR CAMPS, visit our website.
